2022 CCAP Technology Services
CORE Program Commitment Form

Being a CORE member is a commitment to the betterment of technology services and cybersecurity. It's learning, growing and investing in the overall success of your county. A CORE membership is an invaluable opportunity to collaborate, exchange and share ideas among other IT professionals (county, state) as well as to receive vital educational tools and resources to stay abreast in this ever-changing world of technology and cybersecurity. The CORE program is a mutual partnership to expand knowledge and drive technology and cybersecurity initiatives. The CCAP team works hard to ensure that the program is designed to support and advocate for the best practices in technology and cybersecurity for your county.
