

# Safeguarding Data Assets for Local Governments

The surge in cybersecurity incidents is reaching unprecedented levels with governmental entities emerging as high-priority targets. Essential to any local government's robust cybersecurity strategy is the integration of secure and immutable backups. In a strategic collaboration, the Chester County Intermediate Unit (CCIU) is joining forces with Rubrik to deliver a professionally managed immutable backup service.

## CCIU DISCOUNTED PRICING

CCIU, Rubrik and Wasabi are offering an early adopter price. In order to be eligible for discounted pricing a Letter of Intent needs to be received. After June 30, 2024, the price will increase to \$1,200 per TB.
